INTERESTS

SPORTS: Football, Boxing, BJJ

MUSIC: Passionate about music and a guitar player.

TRAVELS

- Traveled to 17 countries across 4 continents (Africa, Europe, Asia, America)
- Lived for several years in 4 of these countries (Senegal, Ghana, Dominican Republic, France)
- Strong cultural awareness and adaptability to diverse environments

IT SKILLS

- LaTeX
- Python
- C/C++
- Matlab / Simulink
- Pack Office
- SQL

LANGUAGES

- French (Mother tongue)
- English (Fluent)
- Spanish (Fluent)
- German (Good)
- Chinese (Rudimentary)

FURTHER INFORMATION

Combat Sports Manager - Sports Office

- Organized and promoted combat sports events

Merchandise Manager-Anti-VSS Association

- Managed merchandise and awareness initiatives.

Founder - Urban Culture Association

- Founded and ran urban culture festivals.

Théo-Sambacor NIANG

ENGINEERING STUDENT

Seeking a 4-month international internship starting May 1, 2025, to apply my skills in signal processing and data analysis. A motivated Engineering Student specializing in IRIS at SeaTech (Toulon), with a Bachelor's degree in Mechanical Energetics.

FORMATION

2024-2027 | SeaTech, School of Engineering, University of Toulon, France

- Combining studies in Marine Technology & Management with advanced training in Data Science, Data Processing & Information Systems

2021-2024 | Bachelor's Degree in Mechanical Engineering - Energetics, Paul Sabatier University, Toulouse, France

- Specialization in Analytical Mechanics & Renewable Energies, with a final project focused on biomechanical analysis using numerical modeling and Lagrange's equations.

2021-2023 | Intensive Preparatory Program for Engineering Schools (CUPGE), Paul Sabatier University, Toulouse, France

- Focused on advanced Mathematics and Physics, with initial training in Computer Science followed by a specialization in Mechanics.

2018-2021 | A-Level, Lycée Pilote Innovant International, Futuroscope, France

- Specializations in Mathematics, Physics, and Engineering Sciences, graduating with Honors.

WORK EXPERIENCES

JOB S

2025-2027

French Navy

EDUCATION SUPPORT ASSISTANT

- I tutored Petty Officers in Mathematics and English
- I supervised study sessions and maintained discipline in the classroom
- Developed communication, leadership, and organizational skills

2022-2024

Prima Bohème, Toulouse Carl's Jr, Toulon

VARIOUS ROLES IN CATERING & HOSPITALITY

- I delivered food orders from kitchen to tables quickly and efficiently
- I assisted waitstaff during busy service hours
- Developed strong customer service, teamwork, and stress management skills.

INTERNSHIP

2025

Transitec (SEFI Group)

4-WEEK INDUSTRIAL INTERNSHIP

- Assisted with pipe sizing, assembly chain linking, and cutting of industrial belts in a workshop environment.
- Gained hands-on experience in mechanical assembly techniques and adherence to technical specifications.
- Developed a practical understanding of industrial manufacturing processes.

2018

Econocom

IT INFRASTRUCTURE DISCOVERY INTERN

- Gained insight into IT infrastructure management and digital services.
- Participated in immersive sessions at Microsoft and Apple through company partnerships.

PROJECTS

2024

Bachelor's Final Project

BIOMECHANICAL ANALYSIS OF A SPORTS GESTURE

- Modeled the dynamics of a complex movement using Lagrange's equations.
- Implemented numerical solutions using scientific computing tools to analyze and optimize performance.

2025

First Year Project

MARITIME SURVEILLANCE DATABASE & HMI DEVELOPMENT

- Team project for CS GROUP to build a database of 13,000+ annotated ship images and its user interface and developed an intuitive HMI to display and manage vessel data.
- Addressed ethical considerations on data privacy and dual-use technology.
